

Think Ritherdon
Think Flexibility

The FlexiPole sign system has so many unique benefits to help SAVE you money. Poles are tested to withstand impacts of up to 1000 times and at speeds up to 60mph. Choose what sign and ground fixing you want and start saving money today.

Crash friendly

Quick installation

One pole = multiple applications

Quick sign replacement

Poles tested up to 1000 impacts

Unique ground fixings

Virtually maintenance free

Think Ritherdon
Think Flexibility

Heading in the Right Direction?

The FlexiPole sign system is a unique system that allows many low level signs to be attached to the FlexiPoles. Thus giving you a greater degree of freedom - more so than other products in the market. *A FlexiPole from Ritherdon saves you money!*

Quick and Simple Installations

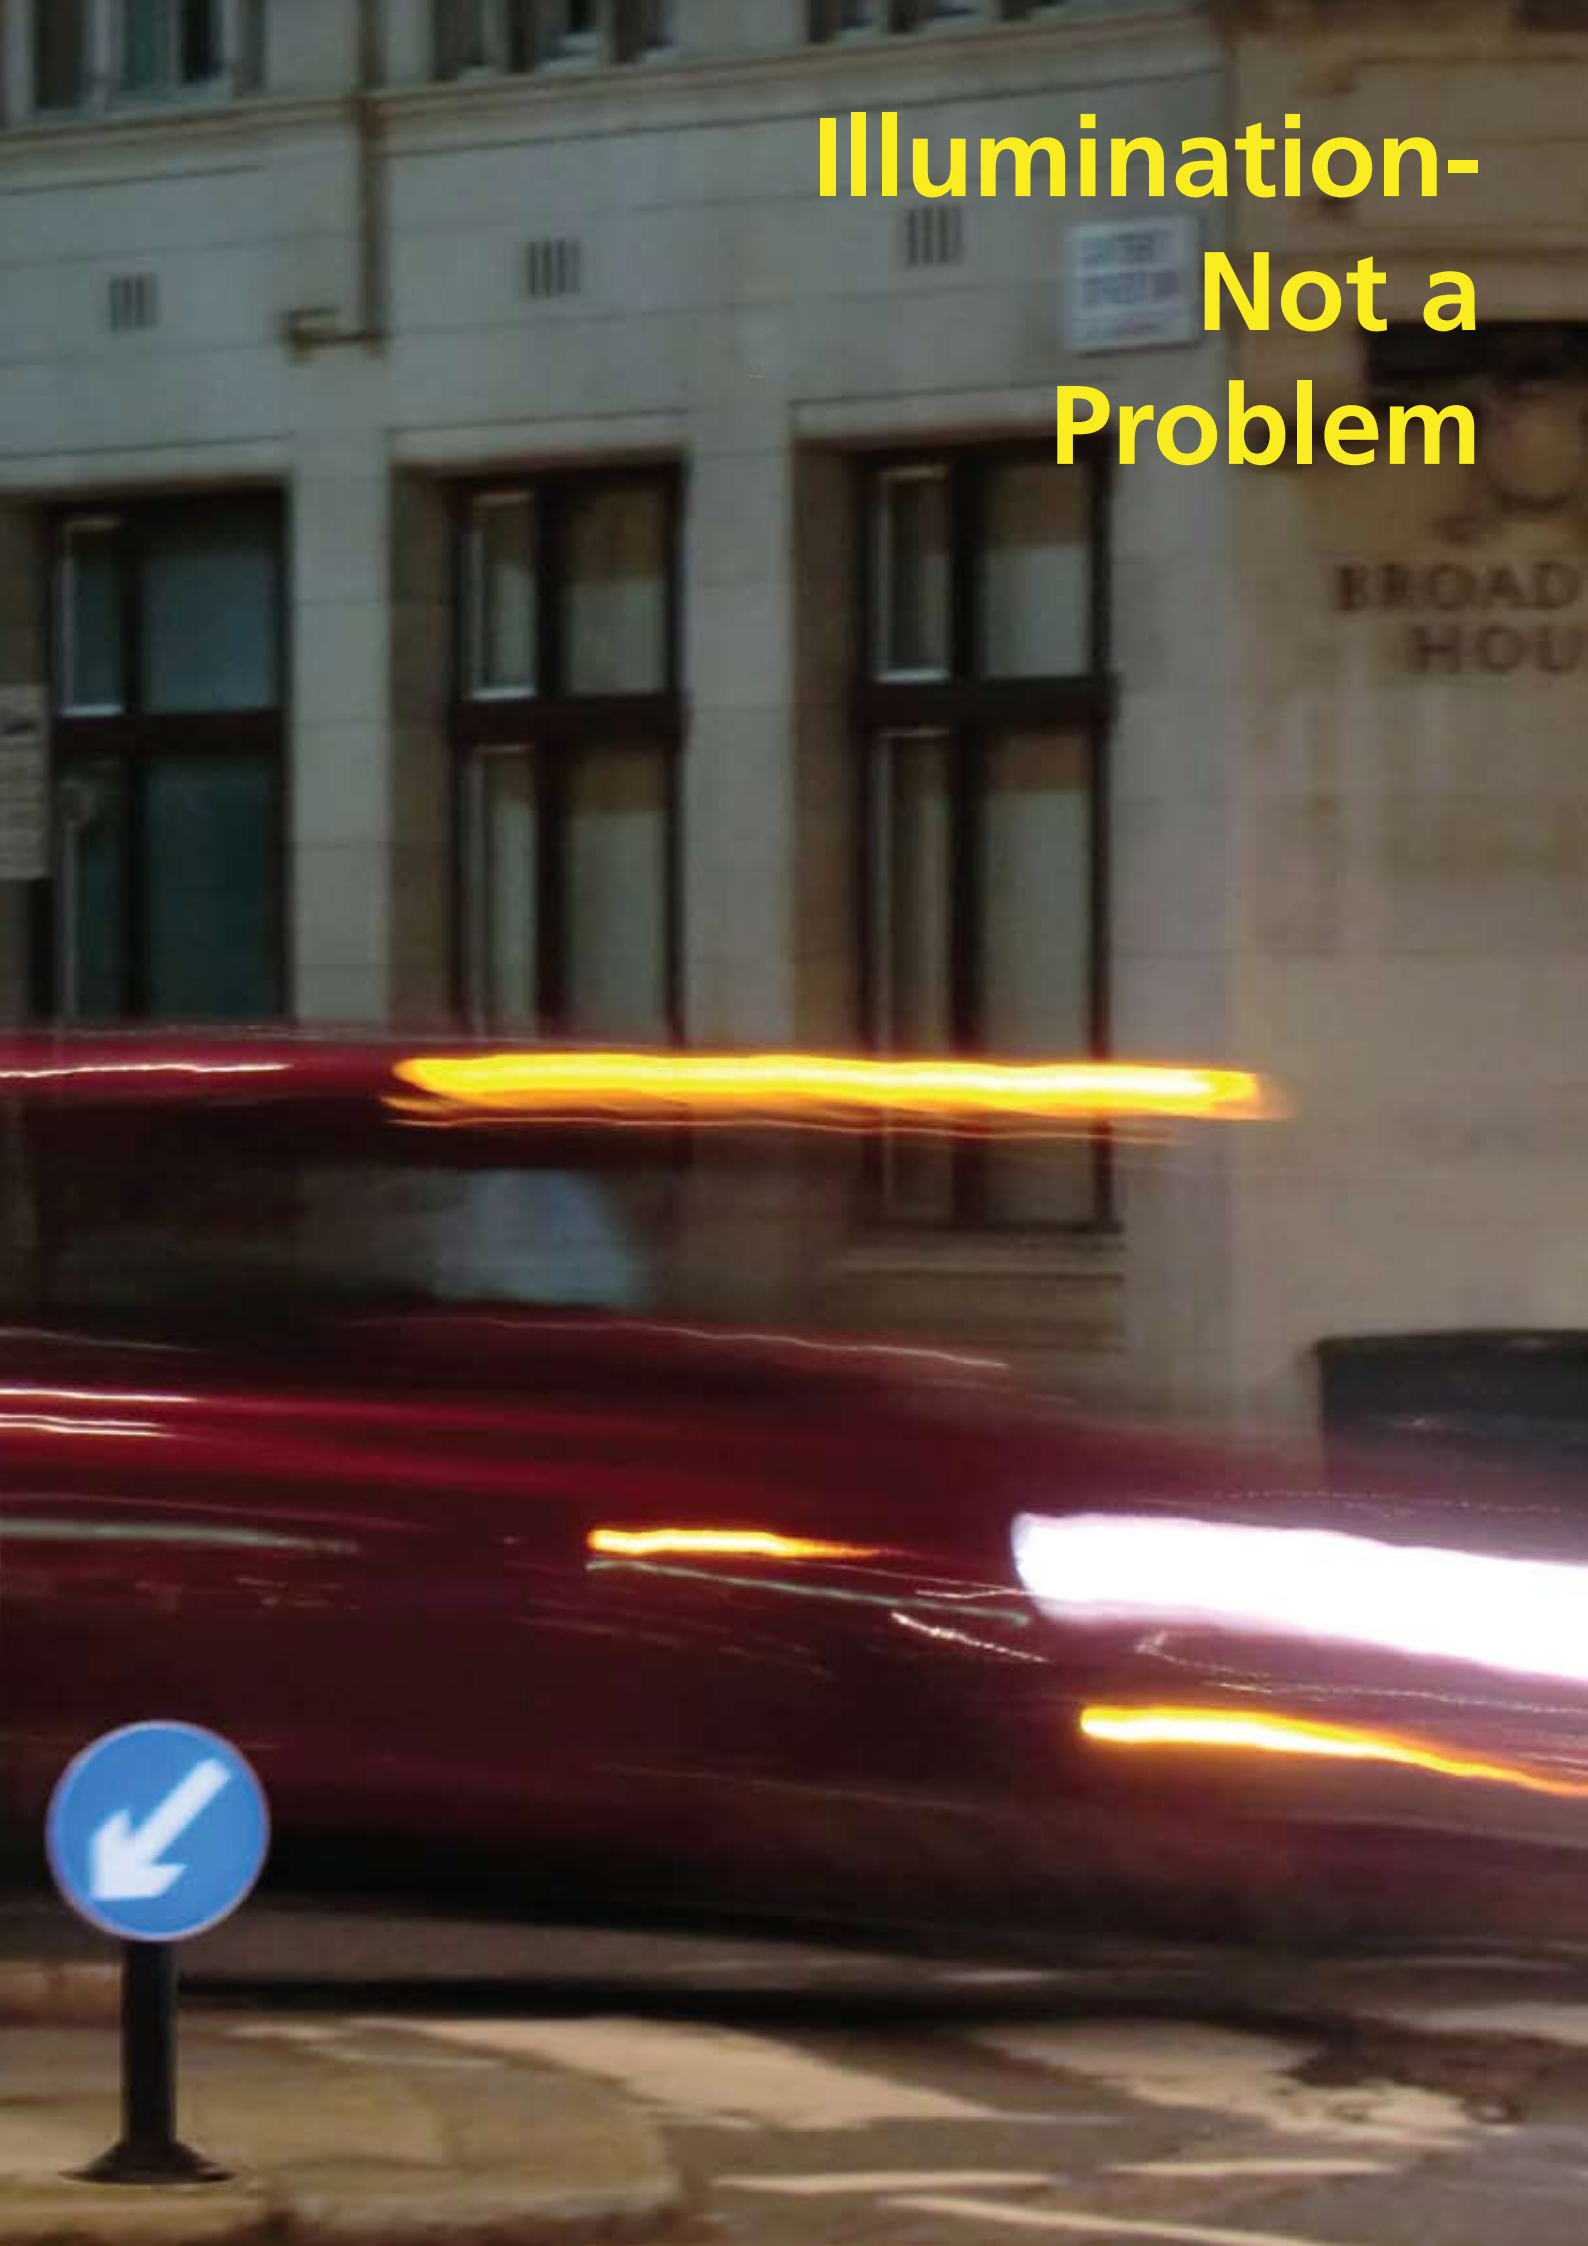

We have numerous ways to install the product making it ideal for any application. From kerbs to grass verges they can install within 5 minutes without the need for heavy machinery. We also work with the UK's top retention socket companies to offer a complete solution package whatever YOUR NEEDS.

Any Damaged Signs
can be Replaced
in 5 Minutes -
SAVING You Money

Illumination- Not a Problem

Car Parks
Country Bends
Roundabouts
Schools
Hospitals
Cycle Paths
Retail Parks
Traffic Calming Schemes
Motorway Service Stations

Cycle Friendly

FlexiPoles are a unique product that are cyclist friendly if accidentally collided with. They are forgiving enough to avoid injury especially to younger children. This also **REDUCES** the chance of compensation claims as we have seen happening in Holland over the past couple of years.

- Crash friendly
- Quick installation
- One pole = multiple applications
- Quick sign replacement
- Poles tested up to 1000 impacts
- Unique ground fixings
- Virtually maintenance free

Safety doesn't happen by accident
